

Oregon-Columbia Chapter, NECA EDUCATION FUND POLICY

Establishment of Funds

Education Account monies are established each year during preparation of the budget and approved by the Board of Directors. The funds are allocated to each permanent member's account based on the past three-year average of the NECA dues paid into the Chapter.

The individual member's percentage dues paid into the Chapter is then used to calculate the percentage of the total Education Account allocated. For example, if a member pays 3% of the total NECA dues, they receive 3% of the Education Account available.
