OREGON-COLUMBIA CHAPTER, NECA
COVID-19 AFTERNOON UPDATE
NOVEMBER 3, 2020

In an effort to cut down on the number of communications we are sending to you, as we know everyone is receiving an abundance of information, we have opted to send a number of pertinent pieces of information in one bundle. We will be doing this every afternoon as long as there is information that needs to be passed along.

GoCanvas Webinar

NECA has entered a strategic alliance with GoCanvas to give NECA contractors the tools to find and distribute accurate data, ultimately helping to mitigate risk within their business models. Big data is the largest thing impacting NECA contractors going forward and we encourage everyone to get involved. This webinar will give the opportunity for attendees to engage with GoCanvas and the NECA Innovation Team. **Please register today!**

KPIs: How do Electrical Contractors Measure Success?

Wednesday, Nov. 4, at 2 PM EDT

Specifically for NECA contractors, you will be able to gain a clear understanding of how to get started with tracking data for your business.

NECA COVID-19 Construction Site Safety Training

Designed for all individuals on a construction site, this program was developed to help individuals better prepare themselves to prevent the spread of COVID-19 in the workplace. This course incorporates Center for Disease Control and Prevention, World Health Organization, and OSHA requirements and recommendations.

This course is divided into six modules that will address:

- Background on Coronavirus
- Controlling the Spread
- Owner and General/Electrical Contractor Responsibilities
- Personal Protective Equipment and Other Protective Measures
- Construction Site Operational Safety Standards and COVID-19 Protocols
- State and/or Local Orders and Guidelines

Following completion of the course, participants will complete a short quiz and program survey and obtain a certificate of completion.

Please note, the course saves after completion of each module, so you must view the module in its entirety within your session. This is an on-demand course that you may complete on your own time.

Course Length: 2 hours 45 minutes
